

**Rain or shine,
dry all the time.**

SPACEMAKER™

SpaceMaker is the only solid core outdoor flooring with a water-diversion ceiling in one easy-to-install product. A patented interlocking and water seal design allows you to create a beautiful, quality deck, while easily adding dry outdoor living or storage areas underneath. SpaceMaker's top surface is cap-coated for beauty, extreme durability while the bottom surface creates a pebble grained extreme scratch resistant ceiling.

Screened Porches

Sheltered Entry Ways

Under-the-Deck Storage

Multipurpose Storage Units

Porticos & Car Shelters

Outdoor Cooking and Dining
